

**Job Source** is an interactive application that offers a wide array of features, resources and solutions to aid job seekers in their career and workforce development needs.

Why Register?

Registration gives you added benefits and information for free like:

- Access to your current Unemployment Insurance (UI) benefit information on your sign-on “Dashboard”
- All your job search information and documents in one location across multiple browsers and devices
- Tools to help create resumes, professional letters, and more
- Organization of your employer contacts, references and follow-up information
- Access to career assessment and skills matching tools to help you choose a career path
